Library Telescope Borrower Contract

Gunnison County Libraries is pleased to offer a telescope checkout service. Please read the following rules and procedures regarding the use of the telescope.

1. The borrower agrees to never look directly at the sun through the telescope or its finder scope. It is understood that permanent eye damage could result. The telescope should never be pointed at the sun. Gunnison County Libraries will not be held liable for any injuries incurred as a result of telescope use. (Borrower’s initials).

2. Telescopes may be borrowed by patrons 18 or older with a valid Gunnison County Libraries’ library card in good standing (less than $5 in fines). Only one telescope may be checked out at a time.

3. Telescopes are loaned for a one week period. Telescopes may be renewed one time if there are no holds.

4. The telescope must be picked up at its home library and returned to its home library and checked in by a library staff member.

5. A $5 per day fine will be applied to telescopes returned late. If not returned after two weeks, the borrower will be billed for the $500 replacement cost of the telescope and the library may take legal action to retrieve the telescope.

6. When transporting the telescope in a car, the borrower will either have another adult hold the telescope or secure it with a seat belt.

7. The borrower is responsible for reading the instruction manual for the telescope’s proper care and use.

8. The borrower will not expose the telescope to water or extreme heat or cold and will not point the telescope at the sun. The borrower will only use the telescope for its intended purpose: to view the nighttime sky. Telescopes have been calibrated and borrower’s need not adjust the finder scope.
